**Remedy Interactive Helps Organizations Improve Productivity with New Version of Injury Prevention Management Software**

**HUNTINGTON BEACH, CA — California Workers' Comp Forum 2008 — October 30, 2008** — [Remedy Interactive](#) Inc., a leading provider of enterprise software solutions that help Global 1000 organizations prevent injuries and [reduce workers' compensation costs](#), today announced a new version of their flagship software. Remedy Interactive's [OES 3.5](#) includes enhanced features to enable Health, Safety, Risk, and Workers' Compensation managers to lead [injury prevention](#) activities among large employee populations with greater efficiency, and maintain a healthier and more productive office environment.

"More than ever, organizations are looking to improve workplace productivity. One intuitive, but often overlooked, approach is to prevent discomfort and injuries from occurring in the first place," said Kim Lopez, CEO of Remedy Interactive. "Hosted [injury prevention management software](#) solutions such as OES 3.5 can play a valuable role in changing employee behavior to reduce discomfort and injury, and therefore increase employee productivity."

The OES is a scalable web-based solution that helps managers identify workplace risks, automate injury prevention processes, and reduce workers' compensation costs and lost workdays by up to 40 percent. The new features in OES 3.5 help managers facilitate and supervise their prevention programs and improve productivity:

- **Enhanced User Interface** — Intuitive navigation and displays provide easier access to critical organizational and injury prevention information
- **Improved Communication** — Intuitive email options including the ability to send emails to multiple stakeholders
- **Enriched Training Content** — Higher-impact graphics and improved training and assessment information enhance employee learning and provide a richer user experience
- **Smarter Reporting** — Customizable reports allow managers to apply multiple criteria and create valuable reports much faster

- **Highest Standards Compliance** — OES 3.5 is fully compliant with the latest American National Standards Institute (ANSI) and Human Factors and Ergonomics Society (HFES) standard – ANSI/NFES 100-2007 – which addresses the design of workstations, furniture, and computer systems

#### **Availability**

OES 3.5 will be available by the end of November. To obtain more details, call 1-800-776-5545 or visit the Remedy Interactive website at <http://www.remedyinteractive.com>. At the California Workers' Comp Forum 2008, visit Remedy Interactive's booth #54 for a demonstration.
